Wesley Chapel, FL, 33543

Self-motivated Software Developer with 5 years of experience in a diverse array of technologies including React, Angular, and ASP.NET Core. An effective communicator and critical thinker, adept at working collaboratively in a team setting as well as independently. Seeking opportunities in a dynamic and growth-oriented position.

Experience

SOFTWARE DEVELOPER II | CENTRALSQUARE TECHNOLOGIES | JUNE 2021 – FEBRUARY 2024

· **Introduced and enhanced multiple features** through database schema modifications, business logic updates, UI modifications, etc., improving user experience by streamlining financial transactions while maintaining data integrity and reliability for a cash receipts processing solution.
· **Improved system access management and security** by integrating in-house identity providers with Azure Active Directory.
· **Maintained and upgraded internal, Angular-based shared libraries**, ensuring compatibility and performance improvements across all library packages.
· **Led the design and implementation of automated UI testing**, improving software reliability by reducing the need for manual quality assurance processes.

SOFTWARE DEVELOPER | CENTRALSQUARE TECHNOLOGIES | JULY 2019 – JUNE 2021

· **Pioneered the front-end development of a user records maintenance project** using Angular and Material UI, significantly improving data management capabilities for users.
· **Introduced state management in Angular projects** by implementing the NGXS library, leading to more efficient and manageable state handling, enhancing application stability and developer productivity.
· **Orchestrated and maintained Azure build and release pipelines** for development and QA environments, optimizing the CI/CD process and ensuring timely and secure software deployments.

Education

BACHELOR OF ARTS IN FRENCH LANGUAGE | JULY 2014 | UNIVERSITY OF HAVANA, CUBA
